Dear Ms. Kausek:

As promised in our telephone conversation today I am enclosing copies of the prints of Ohio Rubber drain systems by Brundage, Baker and Stauffer.

These are about 95% correct. There are a few external drains or man holes which we did not locate because of weather conditions and these will be added shortly by Brundage, Baker and Stauffer.

I will notify you on or before April 15, 1986 as to when you can expect the final drawings.

Sincerely yours,

E. Paul Robbins
